

#WeRateDogs

WeRateDogs is a Twitter account that rates people's dogs with a humorous comment about the dog. The account was started in 2015 by college student Matt Nelson, and has received international media attention^[1].

These ratings almost always have a denominator of 10. The numerators, though? Almost always greater than 10, 11/10, 12/10, 13/10, etc. Why? Because *"they're good dogs Brent."* WeRateDogs has over 4 million followers and has received international media coverage.

One of the tweet with the highest rate was:

*"This is Cassie. She is a college pup.
Studying international doggo
communication and stick theory.
14/10 so elegant much sophisticate"*

And the lowest:

*"What kind of person sends in a picture
without a dog in it? 1/10 just because
that's a nice table "*

As we consult and analyze the information, we can see the **Top 3** names are:

- 1) Charlie,
- 2) Lucy
- 3) Cooper

In my opinion, when I choose a name of a dog, I will choose a name that I truly like and check it out for a few days to see how my dog responds.

Dogs tend to respond better to names with two syllables.

Also, we can see the most preferred dog is the **golden retriever**.

These dogs are easy to train and get along in just about any home or family.

They're great with kids and very protective of their humans.

If you want a loyal, loving, and intelligent companion, consider adopting one of these pups into your pack.[2]
